It is our pleasure to give you this second update. We hope to make it a monthly affair.

Winter

has shown its effect and we are doing more than 100 surgeries every week. By now, we have done 16 corneal transplant operations. The fact that the corneal blindness is higher in the area - 8% of the total blindness, we will be pushing ourselves harder to take care of the same.

We are now participating in RSBY scheme and that may turn out to be a good support for us. Hopefully the reimbursement from DBCS will also start soon.

Now, Dr. Rohan is already planning a few studies and we may get going soon. A Rapid Assessment of Refractive Error Study will be taken up soon. We will be providing consultancy services to Tribal Development trust in Dang area who are running four vision centres on a monthly basis. One nurse, one OT boy and Optical fitting person have completed their training successfully.

One more Retina specialist - Dr.

Khushboo Chaudhari from Bardoli has agreed to come twice in a month. So, now onwards - retina consultant will be available every week. Support from community has continued this month also and we are sure the same will continue in future also.
