Suthar Faliya , At & Po. Mandvi , Dist. - Surat - 394160

Telephone No. 02623 - 221180, 221090

News Letter - April 2014

After the Bhumipoojan at the end of last month, the construction work has started. We hope to finish it off in one year time.

Scorching summer heat has caused the work to come down to some extent. Now, at this time of the year, patients are coming in the morning hours to avoid the hot afternoons. Evening OPD is much lower. Dr. Shilpa – our new retina consultant has joined from 1st April and is busy with the patients from day 1.

10 corneal transplants were performed during this month and 28 retina surgeries took place. The no.s are increasing. Glaucoma work is also picking up gradually. We realised that the awareness about diabetes and diabetic retinopathy is missing in the area, we have added diabetic retinopathy component in the evening awareness sessions being conducted every Saturday in the evening.

Mr. Kuldeep from Bhanuben Nanavaty eye hospital, Chorwad has come here for one month training in hospital administration.

Dr. Dineshbhai Khandhadia, Ahmedabad and Dr. V. C. Poria, Surat came here to conduct surveillance of the OT. Pre and post cleaning, swabs were taken from the environment. Nasal and nail bed swabs were taken from all the staff. However, no major adverse findings were recorded.

Mr. Ghanshyam Pandey, senior optometrist from Gomabai Netralaya, Neemuch came here from 14th to 17th April to evaluate our outreach activities. He gave good suggestions and we will start implementing the same in near future – in fact, some of the suggestions have been already implemented.

Dr. Rohan Chariwala attended DOS conference in Delhi where he presented two papers and one poster, besides, he was moderator in one session. Dr. Uday Gajiwala attended “National DR summit” held in Hyderabad by the IIPH and presented our Diabetic retinopathy model there. It was good learning experience to know what other people are doing.

As a measure to increase transparency, charges list is displayed in the OPD area now.

Divyajyoti trust is now visible in the google maps, so people can take a look at the location and reach us if they want to come here.
