

## Tejas Eye Hospital Run by Divyajyoti Trust

Suthar Faliya , At & Po. Mandvi , Dist. - Surat - 394160

Telephone No. 02623 - 221180, 221090

Even before we realise, the year has ended. We are very happy to note the patient response. With the grace of GOD, we have earned the reputation of a good hospital. We will strive to maintain the same over the coming years. Towards the end of the year, two major positive developments have taken place - one is the approval of matching grant project by the Rotray foundation under the Rotary club of Surat Roundtown (equipments related to corneal transplant will be coming in) and the other is the approval by Kakrapar Atomic Power Station (Retina surgery related equipments will be coming in).

It is the hard work and polite behaviour of the staff that is making the patients happy at the end of the treatment. We are very happy to have such nice people in the staff. The rate at which the work is growing, the physical infra structure is already falling short. We need more space in the waiting area and in the speciality clinic area. More rooms are required for the equipments also. Space is required for research office and CBR office. All this will be possible only after we construct the training centre behind the hospital. We have started planning for the construction work.

The responsibility of Netrang PHC and Jhankhvav CHC are with us from 1st April. Once paramedic is already positioned at both these places and daily OPD will be run by them. The Ophthalmologist will visit both the centres twice in a week and perform surgeries.

Community based Rehabilitation programme for the blinds is under way from 1st April. The whole of Mandvi taluka - 133 villages and a population of 2 lacs will be covered under th project. We are planning to include screening for diabetes for all the individuals above the age of 40 years along wth the survey - a major research activity and also the study of social status of the community.

We are now preparing for the first annual function planned on 20th May. A major event for us and an occassion to felicitate all our donors and well wishers. The whole team - each and every member of the team will get involved in the cleaning of the campus before the function.

We look forward to the visit of well wishers and donors to the hospital. Each and everybody is welcome to visit us.
