### News Letter - August 2012

Two doctors were on leave - Dr. Sheetalben is on maternity leave and Dr. Kaminiben had gone

for phaco training. It was difficult to manage with less doctors BUT Dr.Rohanbhai and Dr. Khushbooben put in extra efforts to run the show smoothly.

The no. of operations has remained high due to the camps related to CBR survey. Screening of the community for diabetes has resulted in a good influx of diabetic patients to the hospital. Many times, the people in the villages are not even aware about their diabetic status. They are coming to know about it for the first time through our team. Patients are detected with blood sugar levels in excess of 500 mg/ dl every week. One patient's blood sugar level came out to be 800 mg /dl also. This exercise, though a tough one for us, will do lot of good to the community.

Celebration of eye donation fortnight is going on from 25th Aug. to 8th Sept. We have organised eye donation awareness camps in four different villages. Video on eye donation will be shown - powerpoint presentation on the same subject will be shown and than an informal discussion will take place with the community.

Five more corneal transplant operations were done in the month. However, we had to say no for very good quality donor material as patients are not coming for operations when we inform them about the availability of the donor material. We had to send jeep to call the patients in the past. Now, we have decided to take a small amount as deposit to be returned if the patient turns up on calling. We will be required to do the same for paediatric patients also. There are 15 patients registered for operation BUT they are not coming forward for surgery. For the last two visits of Dr. Nitinbhai, no surgeries have taken place.

Inspection of our facility for registration under Human Organ Transplant Act took place in the last week of August. Dr. Pritiben Kapadia - HOD of eye department at Civil Hospital, Surat had come for that purpose.

A short video documentary on Divyajyoti trust has been prepared in Gujarati and English for spreading the information about the activities among the community.
