

Tejas Eye Hospital Run by Divyajyoti Trust

Suthar Faliya , At & Po. Mandvi , Dist. - Surat - 394160

Telephone No. 02623 - 221180, 221090

News Letter - February 2013

We have already crossed 5000 mark. With GOD's grace, everything is moving smoothly. Flow of the patients is increasing steadily. On Mondays, now, we see more than 160 patients regularly. No. of surgeries has also remained in the tune of 700 per month during winter. Retina surgeries has also remained around 30-40 major surgeries every month. Cornea related work will pick up in due course of time. However, procuring young donor corneas is a problem and three young patients are waiting for good quality young donor material. Awareness about eye donation is missing grossly in the area. One more Ophthalmologist is joining from 20th March which will strengthen our team further.

Kakrapar Atomic Power Station - KAPS officials formally handed over the cheque and retina clinic related equipments to us on 6th Feb. in a small function organised in the hospital premises. Formal inauguration of the retina clinic was also organised at that time.

Mr. Vyom Pathak, Mr. Achal Desai and Shri Sureshbhai (district governor) visited our hospital on 25th. A matching grant project with Rotary club of Bardoli is being planned and after seeing the hospital they were convinced about the genuineness of the work and agreed to take up the project without any hesitation.

Dr. Ashvnbhai and Dr. Yashvantbhai of Combat Blindness Foundation, USA visited us. They have decided to support all the free paediatric operations taking place in Divyajyoti Trust. This is welcome help for us. We can take care of all the needy paediatric patients without any hesitation. This support will be over and above 300 kits of cataract operations that they will provide which they have done for both the years.

The process of land purchase for the land behind the hospital is taking a long time. We wanted to start construction from March end or beginning of April BUT all the process of name transfer etc. is still pending. The drawings are ready BUT the procedure is not yet completed and this will result in a delay. We are facing space constraint in the hospital and until the new construction takes place, we won't get any relief BUT we are helpless.

An energy audit of our hospital was conducted on 7th Feb. to understand where we can cut down the energy consumption and also to start planning for solar usage for electrical needs in the hospital. The report is now available and planning for solar conversion is going on.

Our rehabilitation programme staff with their supervisor and three beneficiaries visited the in Surendranagar to observe the cooking competition for blinds organised there and there by visited the organisation also. They were very happy to see the blind women cook efficiently. One of the blind girls who is staying in Surendranagar for last three years - sent from Jhagadia there, won first prize in cooking. One blind girl who is in contact with us for more than 12 years now, got married recently to another blind person. She is working as a primary teacher at Andh Kanya Prakash Gruh after doing PTC course.

Our staff visited KAPS site to see the nuclear power plant and understand the activities going on there.

One well wisher distributed clothes to the handicapped people of the area. The same donor distributed clothes to our class IV staff also.
