News Letter - July 2013

It rained hard for the whole month. We have not seen sunlight for many days during last two months. Still, more than 100 OPD patients were seen on the days when it was not raining. Unit system has been implemented and that is working well.

Since it was raining continuously, we could not start construction of septic OT. This is likely to become a deterrent to smooth work during winter.

Dr. Uday conducted evaluation exercise of LEPRMA Mahanadi Eye Hospital run by LEPRMA society, Orissa. It was heartening to see good work being done in remote and very difficult area. The stark poverty in that area was appealing. We salute the effort to serve this population.

Final MOU has been worked out with Chorwad hospital. The hospital will again become functional with the organization of mega surgical camp from 21st to 25th August. One of our Ophthalmic assistants (our OAs will be given rotation of one month) will stay there. Local Ophthalmologist from Veraval has agreed to go to Chorwad four days a month. Preparation is going on for the camp viz. ordering required medicines and getting culture work done etc.

Hostel for blind children is now functional in full swing. Kids are enjoying their stay in the hostel. It is a sight to see these kids help each other and navigate through the roads and inside the building.

A theory exam of both Ophthalmic assistants and nurses was conducted in July. Some how, the performance at theory is not excellent in majority of the cases. So, another test is scheduled on 17th August.

Mr. Nikhil Mehta and Mr. Mehul Solanki attended the annual general meeting of Cheritable Hospital Federation at Chikhodara on 7th July. We have become an institutional member of the same.

Mr. Pradeep Patel attended the installation ceremony of new team of Lions Club of Surat, Silk City on 7th July. They have promised to sponsor three camps during this year.

Our optical fitting person, Mr. Chintan Shiroya has been sent to SNC, Anandpur, Vidisha for five weeks training in optical grinding work. He will come back in the later half of August and then we will be able to deliver all types of spectacles in two hours from ordering which will save additional visit to the hospital.

Training of new batch of OAs including three students from Chorwad has been started from 1st July. There is one student who will eventually work with us.
