

Tejas Eye Hospital Run by Divyajyoti Trust

Suthar Faliya , At & Po. Mandvi , Dist. - Surat - 394160

Telephone No. 02623 - 221180, 221090

News Letter - March 2014

Long awaited “Bhumipoojan” for the new construction behind the hospital took place towards the end of the month. The town planning meeting occurred after a delay of more than six months. Fortunately, we received the clearance. The function was a grand success. Major donations have been already declared for this construction work and few more were announced during the function. We will have to do some legwork for the remaining 25% of the donations yet to be procured. Our blind children from the hostel who had won prizes during the Khel Mahakumbh, were distributed the cheques of their prize money along with the function.

March was OK as far as surgical work is concerned. Holi being major festival here, the work was quite less for almost one week. Dr. Dhavat Sukharamwala has joined during the month. We are now, eagerly waiting for Dr. Shilpa – our new retina consultant to join from 1st April.

If we look at the statistics of the year, we have performed more than 6800 eye operations and examined nearly 60000 patients including base hospital and all the outreach activities. This is a major increase without any of our efforts.

We have completed 200 corneal transplants during this month. The no.s are increasing. We are getting good support from Lokdrashti eye bank in Surat in this work. We have started conducting health education sessions in the evening on a weekly basis in surrounding villages with an aim of improving awareness about eye donation in the area.

3 more Diabetic retinopathy screening camps were organised in this month. However, the response from the diabetic patients has remained very low just like last month. We are planning to add component of diabetic retinopathy also in our weekly awareness campaign in Mandvi block started for eye donation.

Mr. Amar – Dr. Rohan Thakkar’s staff has completed his training in OT techniques and left us at the end of the month. Dr. Maohmmad and Dr. Charu Raolji has started coming to Mandvi for their phaco training.

Dr. GVS Murthy and Dr. B. R. Shamanna visited us as a part of the “Diabetic Retinopathy Situaional Analysis” being done by IIPH, Hyderabad. We were involved in this survey in data collection for Surat district. An indepth interview about our Diabetic retinopathy work was conducted – we learnt a lot from the interaction. Now, a dissemination workshop of the survey is planned in April by them and Dr. Uday Gajiwala will attend the same.

Shri Atulbhai and Mrs. Daxaben Shah from USA – our wellwishers visited us and praised the work done for the blind children through our hostel.
