HOSPITAL:

During this month, on 26th March, we did 98 surgeries and there were 160 indoor patients on that day – highest ever in the history of seven years. However, we don't want to cross our limits frequently, in the interest of the quality. All the staff members pour their heart out to take care of the workload during such times.

This year, we have not recorded any increase in the number of surgeries. However, we are happy to have performed close to 12500 surgeries.

Dr. Sheetal performed 4 anti glaucoma surgeries on one day this month which indicates that the glaucoma work is also increasing and the need is being fulfilled to the best possible extent from our side.
