

## Tejas Eye Hospital Run by Divyajyoti Trust

Suthar Faliya , At & Po. Mandvi , Dist. - Surat - 394160

Telephone No. 02623 - 221180, 221090

### News Letter - May 2015

May also showed a rise in the surgical work inspite of extreme heat. Dr. Sheetal performed SIGS (Small Incision Glaucoma Surgery) – for the first time in Mandvi this month. The teamwork is really showing up its colour and we are really very happy with that. The patients and relatives often praise the behaviour and mannerisms of staff and that makes us feel proud.

We celebrated fourth foundation day this month. A Ganeshpooja was organised on 22nd afternoon. Almighty has given us a good opportunity to work for the poor people in the area and we bow our heads in appreciation of the grace.

As a part of the celebration – a get to gather of diabetic patients of Mandvi – Umarpada and Mangrol blocks was organised on 17th Sunday. Out of 1500 diabetics invited, only 42 turned up. Our leading physician of Mandvi Dr. Manishbhai Knagrecha gave detailed explanations about the disease, its treatment and consequences. Dr. Rohan and Manishbhai – counsellor from DBCS, Surat talked about the diabetic retinopathy.

Similarly, a get to gather of all the camp organisers and corneal transplant patients was organised on 24th Sunday. 34 transplant patients and nearly 40 camp organisers attended the same. The function was graced by the presence of Dr. Rishi Mathur – DBCS incharge from Surat and Dr. Prafulbhai Shiroya of Lokdrashti eye bank, Surat. Both gave useful advise to the patients.

15th Trsutee meeting was organised on 24th afternoon so that the trustees also can join the celebrations.

In the evening of 24th – staff gave a cultural programme – al the performances were by the staff and blind children. This was followed by a dinner for all the staff with family.

After all this, we started gearing up for the inauguration of the training centre building on 7th. The building now looks good. Staff members are also eagerly waiting to occupy the quarters. Final finishing activities are going on in full swing. Shri Vijaybhai – our trustee who has taken the responsibility of this construction is visiting Mandvi almost every other day. All different agencies are working in tandem. There are almost 100 workers working on a given day.

Dr. Parth Joshi had gone to Aravind eye hospital, Tirunelveli for one month observership in glaucoma during the month. Upon successful completion of his training, he will now start seeing glaucoma patients routinely.

Dr. Rohan Chariwala had gone to Chittaur for a situational analysis of eye care in Chittaur district upon request from Sightsavers. The situation is so grim that we start feeling very fortunate to be in Gujarat. The report has been submitted to Sightsavers.

Dr. Foram Desai from Surat completed her one month fellowship in phacoemulsification and Dr. Tapas Raval from Wankaner completed his one month training in Medical retina during the month.

Our retina specialist Dr. Shilpa and Dr. Parth Joshi have started going to Shrimad Rajchandra hospital, Dharampur and Gram Sewa Trust hospital, Kharel twice in a month for ROP screening and paediatric patients screening from this month. 4-5 patients with ROP were detected in the first month itself. This shows that the activity that is started was very much needed.

Dr. Uday has been crowned president of IMA Mandvi chapter. Our congratulations and best wishes to him.

On 23rd Saturday – a one day workshop for the female staff and blind girls was organised with the help of Shaishav, Bhavnagar. The hospital was managed by male staff only. All the women enjoyed the proceedings and have requested us to call Shaishav team again in near future. Basically, the defence for the females in difficult situations was the main objective. Alongside, Shaishav team touched upon the issue of child rights also.

As usual – a workshop for blind children as organised between 18th to 25th May. They enjoyed visit to Aquarium and Zoo in Surat during the workshop. Older children who are studying in Surat and Ahmedabad encouraged the younger ones to go and study in special schools.
