### HOSPITAL:

The workload has remained almost equal to the last month. For the third consecutive month, we have crossed 1000 mark. These seven months of the year, the workload has remained almost around this number, only in winter, it will go up substantially. Still, it looks like we have been able to reduce the effect of seasonal variation to some extent.

Towards the end of the month, Dr. Hetvi Desai left us after working with us for almost two and a half years in total including her fellowships and at consultant position.

A new initiative of truck drivers' eye examination was started in Hazira area at the suggestion of SHELL under their CSR scheme. We are doing refraction, IOP measurement, fundus photography, blood pressure and blood sugar check up and in addition will do blood grouping also. Daily, we are examining about 60-70 truck drivers. More than 2500 truck drivers have been examined by now. We are very happy to get involved in this important activity.
